

# BRAINERD DAILY DISPATCH.

VOLUME 6, NO. 135.

BRAINERD, MINN., FRIDAY, NOVEMBER 9, 1906.

PRICE TWO CENTS

## Clothcraft Winners

ALL CLOTHCRAFT clothes are winners—they win immediate approval and they hold it—they are made that way.

Their style, their cut—their fit—are put into them by the best designers and cutters here are.

The fabrics are all wool—every time—thoroughly shrunken, and every detail has the most careful workmanship and attention from start to finish.

All the popular patterns and weaves are shown in the new season's assortment.

We can claim—and do claim—CLOTHCRAFT to be the most satisfactory line of men's clothes made. The best of it is, though, CLOTHCRAFT garments prove the strongest claim.

CLOTHCRAFT makes its wearers look like winners.

Yet, CLOTHCRAFT prices are pleasingly low.

The CLOTHCRAFT style book is free. Will you call for it?

J. F. Murphy & Co.

Hundred Democratic Delegates.

Guthrie, Okla., Nov. 9.—It is probable that the Democrats will have 100 delegates to the constitutional convention which will convene here Tuesday, Nov. 20. Late election returns from the two territories justify this estimate as conservative.

## ELEVEN INDICTMENTS

HANDLED TO JUDGE LOCHREN BY THE FEDERAL GRAND JURY AT MINNEAPOLIS.

## GIVING AND TAKING REBATES

CHARGED AGAINST RAILROADS, GRAIN FIRMS AND SEVERAL INDIVIDUALS.

Minneapolis, Nov. 9.—Eleven indictments were handed to Judge Lochren in the United States district court at 4:10 p. m., and they cover the giving of rebates by certain railroads and the receiving of the same by grain firms and individuals. The list of corporations against which the indictments were returned, as given out by Assistant District Attorneys Ewart and Dickie, who have had charge of the cases, were as follows:

The Great Northern Railroad company, four indictments and about seventy-five counts.

The Chicago, St. Paul, Minneapolis and Omaha railway, one indictment and fifty counts.

Wisconsin Central railway, one indictment and seventeen counts.

Minneapolis and St. Louis railway, one indictment and five counts.

The indictments against the railroads charge the giving of rebates and under the head of receiving rebates the following true bills were returned:

W. P. Devereaux company, McCall-Dinsmore company, Minneapolis; Ames Brooks company of Duluth and the Duluth Milling company.

Some of the specific charges contained in the indictments were:

Indicted for Giving Rebates.

Against the Great Northern railway, two indictments for giving rebates to the Spencer Grain company; one for giving rebates to the McCall-Dinsmore company and one for giving rebates to the Spencer Grain company. The Omaha railway, the Wisconsin Central and the Minneapolis and St. Louis were charged with favoring the Spencer Grain company. The companies indicted who are not railroad companies are charged with receiving rebates.

Besides the corporations indictments were returned against eleven individuals, officials of the railroads named, but United States District Attorney Hought said he would not consent to the names being given out for publication, owing to the fact that no service had yet been obtained upon them.

The general offense alleged in the railroad indictments is the absorption of grain elevation charges.

After the bunch of indictments had been given out to the court the jurors were excused for the term and told to convene again in St. Paul.

That a further and more searching investigation into the rebate question will be made is not denied by Assistant District Attorney Ewart, and further revelations are expected to be made at the next sitting of the grand jury.

Perhaps the most surprised people of all were the railroads, for none of those interested expected indictments to be brought. Each company had made its best endeavors to disclaim

any criminality in its relation with the grain companies.

## WISCONSIN MAN ARRESTED.

Aged Homesteader Accused of Killing a Guide.

Rhineland, Wis., Nov. 9.—William Stove, an old man living on a homestead near Three Lakes, has been arrested on a charge of shooting William Bierbrower, whose body, pierced by three bullets, was found in a boat on Wednesday.

Bierbrower was a guide and caretaker and lived near Three Lakes. He was sixty years old. He crossed to the village Tuesday to vote and afterward started to return home by boat, rowing across the lake. That was the last seen of him until his body was found.

A search along the shore led to the discovery of two empty shells just in the water's edge, and tracks which started at that point led to Stove's homestead. On searching Stove's house the officers found a rifle of the same caliber as the bullets which had killed Bierbrower, and in the chamber was an empty shell which corresponded to the two picked up from the water.

No motive for the murder is assigned.

## Secret Service Agent Killed.

Albuquerque, N. M., Nov. 9.—T. A. Caldwell, a government secret service agent, has been found alongside the railway track dead at Algodones, twenty miles above Albuquerque, by section men. Caldwell's skull was crushed and one arm was broken. Whether he was the victim of foul play or accident has not yet been determined.

## Automobile Record Broken.

Los Angeles, Cal., Nov. 9.—All automobile records between San Francisco and Los Angeles have been broken by Fernando Nelson of San Francisco, who covered the distance of 504 miles in 18 hours and 13 minutes, 3 hours better than any previous record.

## TERRORISTS ROB A MAIL VAN.

Reported to Have Obtained Half a Million Dollars.

Warsaw, Nov. 9.—Upon the arrival of a train over the Vienna-Warsaw railroad at Rogow station at night a band of terrorists surrounded the station and threw a bomb at the mail van. The train was derailed. Several soldiers escorting the van were killed or wounded. The terrorists then robbed the mail and it is rumored that they got away with a very large sum of money, estimated as high as \$500,000.

## KILLS WOMAN AND HIMSELF.

Jealousy Responsible for Crime of a Chicago Man.

Chicago, Nov. 9.—F. C. Gray shot a woman believed to be Mary Olson, and then killed himself. Jealousy or rejected attentions is believed to have been the cause. The woman died half an hour after being shot. The murder and suicide took place in Lincoln Park. The park police heard the shots and when they reached the scene of the tragedy Gray was dead and his victim was dying.

## Arrested on Murder Charge.

Wichita, Kan., Nov. 9.—Frank Ellsworth and Joe Burke have been arrested here charged with the murder of a young man named Dockray near Amarillo, Tex., four months ago.

## Socialists Kill Workmen.

Lodz, Russian Poland, Nov. 9.—Seven Nationalist workmen were shot down here by Socialists. The local situation is most serious.

## CHANLER IS ELECTED

DEMOCRATIC CANDIDATE FOR LIEUTENANT GOVERNOR OF NEW YORK WINS.

## HEARST ALONE IS DEFEATED

ALL OF HIS ASSOCIATES ON THE STATE TICKET ELECTED BY SMALL PLURALITIES.

New York, Nov. 9.—With the official vote of but three counties missing, Lewis Stuyvesant Chanler apparently is elected lieutenant governor on the Democratic-Independence league ticket by a plurality approximating 1,700 votes over M. Linn Bruce, Republican. To arrive at these figures Bruce's probable pluralities in the counties of Essex, Ontario and Niagara are based on the vote of the Republican gubernatorial candidate. Fulton county is also missing, excepting a statement of Bruce's plurality over Chanler. While slight changes may be made in the returns from several counties, it is not believed they will materially reduce Chanler's lead, but on the contrary may increase it.

It appears that all the other candidates on the Democratic ticket except governor are elected by small pluralities.

## JOHNSON'S LEAD INCREASES.

Minnesota Governor's Plurality May Be Over Sixty Thousand.

St. Paul, Nov. 9.—As complete returns come in from the different counties, Governor Johnson's plurality grows, and some of the figures are now giving him as much as 70,000. He will not have less than 60,000. A number of counties gave him a considerably higher plurality than was given him by the estimates of his managers. Some counties, however, have given him lower returns.

The returns on the other state officers are very incomplete, but each county that comes in confirms the former opinion that Eberhart will have at least 25,000 and the other Republican candidates for state offices majorities of different sizes, running as high as 60,000 or more.

## CALIFORNIA REPUBLICAN.

Gillett Elected Governor by Over Nine Thousand Plurality.

San Francisco, Nov. 9.—Returns from 1,909 precincts out of 2,471 in the state give the following on governor: Gillett, Rep., 102,172; Bell, Dem., 92,702; Langdon, Independence league, 37,879. Gillett's plurality, 9,470.

The remaining precincts from remote parts of the state will not materially change the result. It is estimated that Gillett's plurality will be about 12,000. The entire Republican state ticket is elected by pluralities slightly in excess of that of governor. The legislature and entire congressional delegation are Republican.

## TEN SHORT OF A MAJORITY.

Republican Candidate for Governor of New Hampshire Fails to Get In.

Concord, N. H., Nov. 9.—Unofficial returns in New Hampshire indicate that the voters failed by the narrow margin of ten to elect a governor. The state law requires that the successful candidate receive a majority over the other candidates, and Charles M. Floyd of Manchester, the Republican nominee, falls short just ten votes of receiving the needed majority. Unless the official result, which will not be compiled until next week, shows a change the legislature will be called upon to name the next governor.

## GAMBLE WILL BE RE-ELECTED.

South Dakota Senator Assured of Another Term.

Sioux Falls, S. D., Nov. 9.—Complete returns on the legislative vote show that the Republicans elected 36 members of the state senate, Independent Republicans and Democrats 7; house, Republicans 81, Democrats 8. This insures the re-election of United States Senator Gamble.

## MERE CHILDREN EXECUTED.

Russian Firing Squad Unnerved by Spectacle and Fired Wildly.

St. Petersburg, Nov. 9.—The Riga correspondent of the Bourse Gazette has sent in harrowing details of the execution of three boys who had been condemned by a courtmartial for robbery. Four other persons were executed at the same time. The firing party was completely unnerved at the sight of mere children before them for execution and fired wildly, and it was only after several volleys that all the condemned were killed.

The John Griffith Co. which played Shakespeare's Richard III at the opera house last night is reported to have been about the worst ever. According to the report of the Duluth News-Tribune and the remarks of Brainerd theatre goers it has the Cherry Sisters beat a mile in the way of burlesque.  
Staples World: Mrs. John Donovan, who had been visiting friends at Motley and vicinity a couple of weeks, arrived here Tuesday on business and left yesterday afternoon for her present home Pelican Rapids. Her daughter, Edith, a bookkeeper and stenographer in the First National bank of Brainerd, also visited at Motley the first of the week.  
In the rush of election news THE DISPATCH failed to note the work of the telephone company in securing election returns. The Northwestern Telephone company put telephones in the various polling places in the city and furnished returns to the theatres and the Randolph hotel. CASTELLANE DIVORCE CASE.  
Count Boni Vainly Endeavors to Delay Decision.  
Paris, Nov. 9.—The final word in the divorce proceedings brought by the Countess de Castellane against her husband was Maitre Bonnet's assurance of Count Boni's undying affection for his wife and the demand that the case be adjourned for a fortnight in order to give the countess an opportunity to reflect upon the advisability of a reconciliation. This the court refused and adjourned for one week, when its decision—either the ordering of an inquiry or the granting of a divorce—will be handed down.  
The day's proceedings were confined largely to the charge made Wednesday against Edmund Kelly, of counsel for the countess. Mr. Kelly has denied these charges indignantly and makes the counter charge that the countess herself hatched up a conspiracy for the purpose of making his wife believe that he, Kelly, had organized a plot to bring about the count's political destruction.  
The argument in the creditors' case was opened by Maitre Millerand, who claimed that the lion's share of the money involved was owing to tradesmen. It is stated upon authority that this claim will be contested by the countess' attorneys, who are said to be settling the legitimate bills.  
Occasionally one has the fortune to meet women who are ideal in looks and figure. Ninety-nine times out of a hundred you will find she takes Hollister's Rocky Mountain tea. Tea or tablets 35c. H. P. Dunn & Co.

## C. N. PARKER BUYS BANK STOCK

Purchases the Interests of J. F. McGinnis in Citizens State Bank

### HE GETS ONE-THIRD INTEREST

Mr. Parker and M. T. Dunn now Hold Controlling Interest In Bank

J. F. McGinnis yesterday sold his stock in the Citizens' State bank, formerly the Northern Pacific bank, to C. N. Parker, of this city. Mr. McGinnis owned about one-third of the stock in the bank and this, together with Mr. Parker's previous holdings will give him and Mr. Dunn the controlling interest. A meeting of the stockholders will be held in the near future to elect new directors.

Mr. Parker was the founder of the bank and has always been a man in whom the public has implicit confidence. Mr. Dunn has also won the confidence and cordial respect of the people of the county since coming here and this will put the bank among the strong institutions of the state.

Mr. McGinnis has many friends here who hope that the closing out of his Brainerd interests does not forecast his removal from the city.

### DANCING PROVES FATAL

Many men and women catch colds at dances which terminate in pneumonia and consumption. After exposure, if Foley's Honey and Tar is taken it will break up a cold and no serious results need be feared. Refuse any but the genuine in a yellow package. H. P. Dunn & Co. mwf

### NO. 14 DERAILED

Train to Duluth Runs off the Derauling Switch at State Line Early This Morning.

No. 14, which passed through here at 4 o'clock this morning, was derailed at State Line Crossing on its way to Duluth. The engine and mail car left the rails but remained right side up and no material damage was done beyond holding up traffic for a few hours. As a result No. 11 was over two hours late and No. 12 suffered the same fate. No one was hurt in the accident.

Whenever you have any sympathy to bestow, direct it towards the young woman who never used Hollister's Rocky Mountain tea or tablets, 35c H. P. Dunn & Co.

### Lindbergh's Majority About 3,000

The count in nearly all the counties of the congressional district is completed, and the figures show Lindbergh's plurality to be about 3,000. The following are the majorities in the several counties:

	Lindbergh	Tift
Benton	500	83
Crow Wing	150	
Cass	876	
Douglas	550	
Hubbard	15	
Morrison	622	
Meeker		1386
Stearns	449	
Sherburne	174	
Todd	683	
Wright	303	
Wadena	4302	1479

Lindbergh's majority 2,833.

### Dairy and Food Commission's Report

The Minnesota Dairy and Food Commission's analysis shows that Kennedy's Laxative Honey and Tar and Bee's Laxative Honey and Tar contained opiates and croton oil. Opiates are poisons and croton oil is a violent poisonous purgative. Refuse to accept any but Foley's Honey and Tar in a yellow package. Foley's Honey and Tar contains no opiates or dangerous drugs and is the best cough and cold cure. H. P. Dunn & Co. mwf

## NO RETURNS IN FROM TWO WARDS

City Council Compelled to Adjourn Because Returns Were Lacking

### MR. TURCOTTE WON ON TIE

Lots were Drawn for Councilman and H. Turcotte Was the Lucky Man

The city council was compelled to adjourn Thursday night without completing the canvass of the votes in the city election because there were no returns from the Second and Fifth wards. There were no blanks furnished for the purpose and the judges in the Fifth ward took the ground that that fact excused them from doing their duty.

In the Second ward the returns were made out on a card which in some way got lost in the shuffle.

The judges were got together this morning and the irregularities were fixed up and the work of the council will be completed tonight.

In the matter of the tie between H. Turcotte and J. C. Jamieson, for alderman in the First ward, the council, with the consent of the candidates, both of whom were present, proceeded to draw lots. Twelve slips of paper, ten being blank and one bearing the name of each candidate, were placed in a hat by the city attorney and the city clerk drew therefrom one by one, it having been previously agreed that the first name out should be declared elected. There were several blanks drawn and then the name of H. Turcotte. The name of Mr. Jamieson was on the next ballot drawn. Mr. Jamieson heartily congratulated his successful competitor, and the council adjourned until tonight.

## Farm, Home & Garden.

Short, pointed statements of methods and results in Crow Wing county are requested for this column. Address all communications to Farm Editor, Box 1516, Brainerd, Minn.

Do not forget that the Farmers' Institute for Crow Wing county will be held Monday, December 3rd. Every farmer in Crow Wing county should be there and bring his wife along. Remember it is without cost to the farmers, but it is very valuable to every man who wishes to progress in his methods.

The farmer who has some good dry wood to sell this winter will be in luck. Either tamarack, oak or pine will sell well dry and there will be good sale for green wood later in the season.

At present prices of butter and eggs the hens and cows are much more profitable than grain farming, and they are always a much surer source of income than anything else.

Do not forget to plan a piece of land to be seeded to clover next spring. There is nothing more profitable either as hay or to thresh out the seed. Hay is being shipped from Brainerd today, but it is much more profitable to feed it and ship the product.

Northern Minnesota farmers, as a body, have not awakened to a realization of the value of the winter cow. The summer cow must be kept through the winter and the additional feed and care necessary if she is giving milk will be more than paid by the high price of butter and cream. The farmers of this section are beginning to see the truth of this and the number of winter cows is increasing every year. The Brainerd creamery hopes to be able to run the entire winter and will if the farmers give it the encouragement they should. The strain on the farmer's wife and daughter, if there is one, is heavy enough without the work of making butter, especially as the creamery pays cash and not as much or more as the butter will fetch in trade at the stores. Do not think the storekeeper will be sore at you if you patronize the creamery. He would rather have part of your cash than all your butter. And he would be just as well suited if all his customers had to use creamery butter.

### Cured of Bright's Disease

Mr. Robert O. Burke, Elnora, N. Y., writes: "Before I started to use Foley's Kidney Cure I had to get up from twelve to twenty times a night, and I was all bloated up with dropsy and my eyesight was so impaired I could scarcely see one of my family across the room. I had given up hope of living, when a friend recommended Foley's Kidney Cure. One 50 cent bottle worked wonders and before I had taken the third bottle the dropsy had gone, as well as all other symptoms of Bright's disease." H. P. Dunn & Co. mwf

## AMUSEMENTS

### Ladies Musical Club Recital

Tribune, March 8th, 1903: The Ladies' Thursday Musicales are congratulating themselves upon the opportunity they are to have of hearing Carlo Fischer the cellist. In the short time that Mr. Fischer has been in the city he has thoroughly demonstrated his ability as a musician, and ranks as one of our most delightful and popular soloists. The program that has been arranged will be a rare treat which no music lover can afford to miss.

Musical News, London: "Herr Maximilian Dick, a German violinist new to London, played several solos with much charm, his style is graceful; his tone is delightfully sweet and mellow, and artistic taste was in his rendering of the Adagio and Perpetuum Mobile from Franz Ries' Suite in G major, to which Mr. Henry Bird's excellent accompaniment lent further enjoyment."

To be heard in recital at the Congregational church Monday evening, November 12.

Radium Costs over \$5,000,000.00 Per Pound

and it is not expected that Prof. Patty carries a trunk full of it, but it is a fact that he will bring a sufficient supply of the marvelous substance to show the audience, and to experiment with at the First Congregational church Saturday. All have read of the great sensation created by this discovery, and none should miss the rare opportunity to gain first hand knowledge of such remarkable phenomena.

### ONE WEAK SPOT

Most Brainerd People Have a Weak Part And Too Often It's the Back.

Everyone has a weak spot. Too often it's a bad back. Twinges follow every sudden twist. Dull aching keeps up, day and night. Tells you the kidneys need help. For backache is really kidney ache. A kidney cure is what you need. Doan's Kidney Pills cures kidney troubles. Cure backache and all urinary ills. Brainerd people recommend the remedy.

David Northrup, of 918 Front St., Brainerd, Minn., says: "Backache and kidney complaint were of short duration in my case after I began using Doan's Kidney Pills, procured at H. P. Dunn & Co.'s drug store. There had been a dull steady aching in my back and lameness across the loins. It only required one box of Doan's Kidney Pills to regulate the action of the kidneys to a normal condition, remove the backache and impart tone and strength to the parts affected. From the results I obtained I believe any sufferer from kidney complaint will find in Doan's Kidney Pills a most valuable remedy."

For sale by all druggists. Price 50 cents. Foster Milburn Co., Buffalo, N. Y., sole agents for the U. S.

Remember the name—Doan's—and take no other.

### Deafness Cannot be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever. Nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surface.

We will give one hundred dollars for any case of deafness caused by catarrh that cannot be cured by Hall's Catarrh Cure. Send for circulars free.

Address: F. J. CHENEY & CO., Toledo, Ohio. Take Hall's Family Pills for constipation.

### HAVE YOU CATARRH?

Breathe Hyomei and Get Relief and Cure. Sold Under Guarantee

If you have catarrh, with offensive breath, burning pains in the throat, coughing, raising of mucus, difficulty in breathing, sneezing, huskiness, discharge from the nose, tickling and dropping at the back of the throat, especially at night, coughing spasms, etc., begin the use of Hyomei at once.

Its healing medication will give relief in a few days and its continued use will completely drive all catarrhal germs from the system.

Hyomei contains Nature's healing oils and balsams, the germ-killing properties of the pine-forests, and goes with the air you breathe to the most remote cells of the respiratory organs, searching out and killing all catarrhal germs and soothing and healing any irritation that may be in the mucous membrane. It is easy and pleasant to use Hyomei,

pleasanter than most of the stomach dosing, as its healing air is breathed through a neat pocket inhaler, which can be carried in the purse or vest-pocket, and carries medication to just the spot where relief is needed.

The complete Hyomei outfit costs but \$1. extra bottles, if needed, 50 cents, and H. P. Dunn & Co. give their personal guarantee with every package that money will be refunded unless the treatment cures. This shows their faith in the power of Hyomei to cure catarrh.

### WISCONSIN MOB FOILED.

Officers Manage to Get Prisoner on Board a Train.

Spring Green, Wis., Nov. 9.—Prompt and decisive action by the local authorities prevented the lynching of Thomas Balf, who is accused of assaulting Mrs. Edward Frank. Balf, who was captured at Madison Wednesday, was brought here for his hearing, and the train with the officer and prisoner was met by an enraged mob, which only needed a leader to carry out a lynching.

Balf spent most of the afternoon in jail, and during much of the time there was a crowd about the jail yelling "hang him." When it came time to catch the 4:30 train, however, the officers braved the mob and though they were forced to run from the would-be lynchers, the constable and Balf reached the train safely.

### FIVE PERSONS PERISH

WOMAN AND HER FOUR CHILDREN BURNED TO DEATH IN NEW YORK CITY.

New York, Nov. 9.—In a fire in an East Side five-story tenement house on Madison street at night a woman and her four children were suffocated. The family, named Ginsberg, occupied apartments on an upper floor and their escape was cut off by the smoke and flames in the lower part of the building. More than fifty women were taken down the fire escape by firemen. When the firemen arrived on the scene almost every window of the building was crowded with women and children calling for assistance. The fire in the lower floors had filled the halls and stairways with smoke and cut off the means of escape. All of the inmates were taken down fire escapes and ladders by the firemen who then searched the halls and upper apartments. On the third floor they found the bodies of three children on the stairs, where they had been overcome by the smoke. In one of the flats on that floor they also found the bodies of the woman and the fourth child, who also had been suffocated.

## STARTS FOR PANAMA

PRESIDENT ROOSEVELT LEAVES WASHINGTON ON JOURNEY TO THE ISTHMUS.

THE WIRELESS TELEGRAPH

WILL KEEP WHITE HOUSE INFORMED OF MOVEMENTS OF CHIEF EXECUTIVE.

Washington, Nov. 9.—"Goodbye, I am going down to see how the ditch is getting along," shouted President Roosevelt as he stood on the after starboard deck of the yacht Mayflower at the Washington navyyard as the vessel was leaving the dock with the president for his Panama trip.

Accompanying the president were Mrs. Roosevelt and her maid, Surgeon General Rixey of the navy and M. C. Latta, one of the assistant secretaries at the White House. The Mayflower will take the party to Wolf Trap light at the mouth of the Rappahannock river in Chesapeake bay, where a transfer will be made to the battleship Louisiana, which is to convey the president to and from the isthmus.

President and Mrs. Roosevelt arrived at the navyyard shortly before 4 o'clock p. m., where they were met by Secretary Loeb, Captain Lentz, the commandant of the yard, and Captain A. T. Loag of the Mayflower. A company of marines and a detachment of sailors were drawn up about the wharf and as the presidential carriage arrived a welcome was sounded from the bugler aboard the ship and from a drummer in the marine ranks.

Went on Board the Mayflower.

For a short time President and Mrs. Roosevelt chatted with the naval officials on the wharf and then as the band aboard the ship played the "Star Spangled Banner" and the bugle sounded another welcome they walked down the gang plank aboard the vessel. Here had assembled to meet them Postmaster General and Mrs. Cortelyou, Ambassador Jusserand and Mme. Jusserand, who carried a large bunch of flowers for Mrs. Roosevelt, and James R. Garfield, the commissioner of corporations. They remained with the president for about fifteen minutes until the order was given to start. Then a United States flag was run up the vessel's staff, the gang plank was taken in, the ship loosed from her moorings and the trip to Panama was begun. As the vessel started, President Roosevelt appeared on deck and shouted a goodbye to the crowd. He appeared to be in particularly good spirits and remained on deck until the vessel was out of sight.

The Louisiana will be conveyed to and from the isthmus by the armored cruisers Tennessee and Washington. Aboard the Louisiana is Lieutenant Frank Evans, who will utilize the wireless telegraph apparatus with which the ship is equipped for communicating with the White House at Washington whenever the president desires it. In this way the public will be accurately informed of the movements of the ships.

The president will spend four days on the isthmus.

### LIBERALS WANT OFFICES.

Dissatisfied With Policy of Governor Magoon of Cuba.

Havana, Nov. 9.—The growing sentiment of dissatisfaction among Liberals in consequence of lack of success of their efforts to induce Governor Magoon to dismiss the Moderates from important posts in the insular administration and replacing them with Liberals, crystallized at a secret meeting of the Liberal committee on appointments. There were present Pino Guerra, Alfredo Zayas, Jose Manuel Gomez, Jose J. Monteagudo, General Castillo, Rafael Duany and representatives from all the provinces. Special objection was made to the reappointment of a police captain named Reguera, a Moderate, who recently has been reinstated in office, and to the appointments of various minor officials in the customs house. The reappointment of Reguera was particularly obnoxious to Liberals.

Up to the present the Liberal leaders have protested that they did not seek office and were entirely willing to abide by the selections made by Governor Magoon. The secret meeting, however, is a result of pressure brought to bear by applicants for office and it was decided to appoint a committee to call on the governor, express the party's dissatisfaction with recent appointments and make a strong appeal for the recognition of Liberal aspirants to various important posts. Heretofore Governor Magoon has shown no haste in making appointments, filling only such as seemed particularly necessary. It has been expected for some time past that the patience of the Liberals soon would be exhausted as time went by and they were not given office and that steps would be taken to bring pressure to bear on the governor.

### EXPLOSION OF DYNAMITE.

Kills One Laborer and Injures Seventeen Others.

Pittsburg, Nov. 9.—One Italian laborer was instantly killed, one is missing and thought to have been blown to pieces, two were fatally hurt and fifteen others were seriously injured by the explosion of ten sticks of dynamite shortly after noon in Carlock borough. The victims were laborers on a sewer and were seated around a fire eating. One of the men had placed the dynamite near the fire to take the frost out and no attention was given it. Without warning there was a terrific explosion in the center of the group around the fire.

Several hospitals were called upon and within a few moments physicians and ambulances were at the scene. Parts of the dead man's body were brought to the morgue in a basket.

## Nervous Prostration.

The symptoms of nervous prostration well illustrate the fact that there is not a single organ in the human body but is entirely and absolutely dependent on the nervous system for the energy and power by which its functions are performed.

You feel tired, weak and worn out. Lose interest in life, have no appetite and poor digestion, disorders of liver, kidneys and bowels, you cannot sleep, your head aches and you feel discouraged and despondent.

Dr. A. W. Chase's Nerve Pills cure nervous prostration and exhaustion in the only way it is possible to really cure them—by actually forming nerve force to revitalize the wasted nerve cells.

It may require a dozen or more boxes of this medicine to bring about a thorough restoration of your health, but you can be certain that each dose is, at least, doing you some good, and the cure is bound to be natural and thorough. All stories of clashes or ill feeling between the soldiers and the Utes are denied. The best of feeling is said to exist, the soldiers and Indians hunting together in perfect amity.

### AN OPEN LETTER

During the past three years, Mrs. L. McGregor, 1325 Fourth street, South, Minneapolis, has had an experience which will live long in her memory and should interest every wife and mother, relating it recently she said:

"I have had rheumatism and neuralgia for about three years and no one knows how dreadfully I suffered. My whole system became weakened and I lost my appetite entirely. I had dull pains in the lower part of the back and frequent headaches. Although I tried many remedies nothing seemed to benefit me. About this time the papers were full of accounts of marvelous cures effected by Mr. Cooper and his medicines. I paid little attention to it at first, but the continued reports of cures that were constantly being made inspired me. I must admit, with more curiosity than faith, I purchased a small quantity of the remedies and began their use. To my great delight I began to improve almost immediately and after I had taken one bottle of Cooper's New Discovery and used one bottle of Cooper's Quick Relief, my pain had left me and also my headaches. Now I am greatly improved in every way. I eat well and sleep well and I heartily thank Mr. Cooper for the benefit I have derived."

Cooper's New Discovery drives rheumatism poison from the blood, and besides rheumatism, cures blood diseases, stomach and kidney trouble and it is the greatest strength builder in the world. It sells for one dollar per bottle. Cooper's Quick Relief, the assistant remedy which is used in connection with the New Discovery, costs 50 cents. They can be had only of H. P. Dunn & Co.
